What is Shifting Gears for Down Syndrome?

Hi! Our names are Amanda and Andrew Gislason and we are the founders and hosts of the Shifting Gears for Down Syndrome bike ride, along with the Down Syndrome Association of MN. (www.dsamn.org) We live in Owatonna with our 9 year old son, Gunnar, who has Down syndrome. Gunnar has taught both of us so much about love and life.

Who benefits from this bike ride?

Gunnar has opened our eyes to a new world, a world where people with special needs rely on themselves and others to advocate for inclusion and the same opportunities as their peers. We started this bike ride to raise awareness and foster inclusion for people with Down syndrome. There are many children and adults living in the Owatonna area who have Down syndrome and have so many abilities and so much to offer our community.

We are working with We All Play and the city of Owatonna to bring an inclusive playground and Miracle Field to our community. The inclusive playground and miracle field will offer the opportunity for every child, regardless of ability, to participate in every aspect of the playground safely.

For more information on inclusive playgrounds you can visit We All Play's website www.weallplayowatonna.com

We hope that you will consider partnering with our bike ride to make this a reality. Funds and donations raised from our bike ride will go towards this endeavor.

How will sponsorship benefit your organization?

- ▲ As you rely on people in our community to support you, our community also relies on you to support them. This is a great way for your organization to show the dedication and involvement you are willing to provide throughout our community.
- ▲ Employees appreciate working for an organization that cares.
- ▲ Gain recognition from our Sponsorship Packages.

Who should I contact with questions?

If you have any questions or need additional information, please don't hesitate to contact Amanda Gislason at 507-469-9720 or amandagislason@gmail.com

We look forward to your partnership in supporting our bike ride and our efforts to bring an inclusive playground and Miracle Field to Owatonna.

Sincerely,

Amanda Gislason

Andrew Gislason
